Regional Forester,
Juneau, Alaska.

Dear Sir:

In compiling the figures from the Annual Reports for 1938, we find that the latest data in the Washington Office on game refuges of Alaska is taken from the report for 1933. Since it is our belief that there have been changes since that time, we have listed below the record of Alaska refuges as found here. Please make corrections in this list and return it to Washington at your earliest convenience.
